P-SERIES: Options "Technical Features"

VFD package "Roasting"	2.200,00 €
- Variable roasting air fan speed	
- Variable drum speed	
VFD package "Roasting" for machines with electric heating	1.300,00 €
- Variable drum speed	
VFD package "Cooling"	2.200,00 €
- Variable cooling air fan speed	
- Variable speed of cooling tray stirrer	
Sensorpackage "Temperatures"	1.000,00 €
- Thermocouple "Supply air"	
- Thermocouple "Environmental air in drum"	
- Thermocouple "Cooling air"	
Pressure monitoring	1.000,00 €
- Device to measure the (negative) pressure in the system constantly	
LED lamp	500,00 €
Upgrade package "Semi-Automatic"	7.000,00 €
- Automatic discharge of drum after end of recipe	
- Automatic discharge of cooling tray after cooling process	

P-SERIES: Options "Design"

Customized RAL painting (machine body)	550,00 €
